Thompson Rivers University, Kamloops BC.

- Bachelor of Arts Majors: Communications & New Media Studies, Criminology, Economics, Economics & Math, Economics & Political Studies, English, Geography & Environmental Studies, History, Mathematics, Philosophy, Psychology, Sociology, Theatre.
- Bachelor of Business Administration Majors: Accounting, Economics, Entrepreneurship, Finance, Human Resource Management, International Business, Marketing, Supply Chain Management
- Double Degrees: Bachelor of Business Administration & Bachelor of Arts or Bachelor of Business Administration and Bachelor of Computing Science
- Bachelor of Computing Science
- Bachelor of Education (Elementary)
- Bachelor of Education (Secondary) Science, Technology, Engineering, & Mathematics (STEM)
- Bachelor of Engineering in Software Engineering
- Bachelor of Fine Arts (Visual Arts)
- Bachelor of Interdisciplinary
- Bachelor of Journalism
- Bachelor of Natural Resource Science*
- Bachelor of Science* Majors: Animal Biology, Biology, Cellular, Molecular, Chemical Biology, Chemistry, Computing Science, Computing Science & Mathematics, Ecology & Environmental Biology, Environmental Chemistry, General Science, Mathematics, Mathematics & Economics, Mathematical Sciences, Molecular & Microbial Biology, Physics, Pre-Professional Health Science
- Bachelor of Science in Nursing
- Bachelor of Social Work
- Bachelor of Tourism Management Concentrations: Adventure Studies, Festivals & Events, Innovation & Entrepreneurship, Resort Experience
- Engineering First- and second-year transfer to UBC and UVic
- Forestry First- and second-year transfer to UBC

- Accounting Technician
- Adventure Guide
- Architectural and Engineering Technology (ARET)
- Applied Sustainable Ranching
- Associate of Commerce & Business Administration
- Associate of Science
- Computing Science Diploma
- Early Childhood Education
- Events and Conventions Management
- Horticulture Management
- Instrumentation Engineering Technology
- Police & Justice Studies
- Practical Nursing (Williams Lake campus only)
- Resort and Hotel Management
- Respiratory Therapy
- Sport Event Management
- Tourism Management
- Visual Arts
- Water and Wastewater Technology

CERTIFICATE PROGRAMS

- Adventure Guide
- Business Foundations
- Culinary Arts (Red Seal)
- Horticulture
- Water & Wastewater Utilities

TRADES FOUNDATION PROGRAMS

- Automotive Service Technician, Carpenter, Diesel Engine Mechanic, Electrician, Electrical/Industrial Mechanic, Heavy Duty Equipment Technician, Instrumentation & Control Technician, Industrial Mechanic (Millwright), Machinist, Metal Fabricator, Plumber, Welder
- Power Engineering Fourth Class
- Refrigeration and Air Conditioning Mechanic

Programs Alphabetically

Find a Program

Agricultural and Heavy Equipment Certificate

One Year Certificate | September Intake

If you want to get your hands on the newest and largest industry equipment in service come to Olds College. This comprehensive program will give you a thorough understanding of engines, hydraulics, braking, electrical, starting, charging, fuel systems and more. Our classrooms are discipline specific (i.e. motor lab, machinery lab) with small student to instructor ratio and personal workbenches.

Agricultural and Heavy Equipment Diploma

One plus One Year Diploma | September Intake

After program completion, you have the option of writing apprenticeship exams for full technical accreditation towards your specific trade. You will also be well placed to attain Alberta Journeyman Status pending completion of job training hours specified by Alberta Industry Trade Board. Students may be eligible to write their third and fourth period technical training exams with AIT and are credited a portion of their on-the-job training hours towards their desired trade.

Agricultural Equipment Technician Apprenticeship

Eight Weeks Technical Training | Fall & Winter Intakes

Combine a rural lifestyle with a technically challenging career working across all the latest agricultural machinery such as GPS precision farming. You will be prepared to repair and overhaul engines, mechanical and power shift transmissions, tractor hydraulic and electrical systems, tillage machinery, and spraying and harvesting equipment.

Agricultural Management Diploma

Two Year Diploma | September Intake

Receive a comprehensive education working in production agriculture, agribusiness, or businesses that process, market and distribute products from agriculture. You will gain skills in crops and livestock, finance, agribusiness management, marketing and the latest technology.

Delivery: On Campus

Agriculture Communications Certificate

One Year Certificate | September Intake

Combine your passion for agriculture and storytelling with the new Agriculture Communications certificate. The first of its kind offered in Canada, this one year program prepares you for a meaningful career supporting the agriculture and agri-food industry in communications and marketing.

Agriculture Sales & Customer Support Certificate

10 Months Certificate | Fall Intake

Agriculture is the fastest growing industry in Canada and producers are busier than ever. To meet the increasing demand, producers look to agricultural sales, customer and technical support representatives as the experts in emerging ag tech trends, for innovative solutions.

Agriculture Technology Integration Post-Diploma Certificate

One Year Post-Diploma Certificate | September Intake

Designed for students who already have a diploma, degree or journey-person certification in a related field, such as mechanics, agriculture, land, environment, technology or engineering. The new Agriculture Technology Integration Post-Diploma Certificate will provide you with an understanding of how related technologies interact to provide accurate information and real-time monitoring data to the agriculture producer. Learn to link emerging technologies with existing farm infrastructure to enable producers to maximize their time in the field.

Animal Health Technology Diploma

Fifteen Month Accelerated Diploma | Summer, Fall, & Winter Intakes

This accelerated diploma will equip you to provide hands-on care to both large and small animals. You will be taught a Canadian Veterinary Medical Association accredited curriculum delivered by staff boasting over 150 years of accumulated veterinary experience! You will learn diagnostic laboratory procedures, animal disease, anatomy and physiology, surgery and anesthesia, diagnostic imaging, dentistry and client communication.

Delivery: Blended (Online and On-Campus)

Arboriculture Technician Certificate

Four Month Certificate | January Intake

Arboriculture Technicians learn and apply guiding principles of tree care and management in sustainable urban ecosystems. Students adhere to current industry safety standards and practices while honing your skills indoors in our unique Landscape Construction Pavilion, and outdoors on the Olds College campus.

Delivery: On-Campus

Bachelor of Applied Science - Agribusiness

Bachelor of Applied Science | September Intake

Earn your Agribusiness focused applied degree (BASc) in a minimum of 16 additional months. Entry requires completion of a two year diploma (2.5 GPA) in agriculture or a related discipline. Invest 8 months in the classroom at Olds College preparing to complete 8 months in a paid, mentored Directed Field Study with an employer of your choice approved by Olds College.

Bachelor of Applied Science - Golf Course Management

Bachelor of Applied Science | November Intake

The final two years of the Bachelor of Applied Science (BASc) Degree in Golf Course Management will see students working in a blended format that includes online study, study on our Olds Campus, and a direct field study.

Bachelor of Applied Science - Horticulture

Bachelor of Applied Science | September Intake

Building on your first two years studied in the Horticulture Technician Diploma, your final two years of the Bachelor of Applied Science (BASc) - Horticulture will be a combination of online and on campus studying, along with a one year

Direct Field Study.

Bachelor of Digital Agriculture

Four Year Degree | September Intake

Lead change in regenerative agriculture and tackle global sustainability issues with our new Bachelor of Digital Agriculture degree. With a focus on leadership and management, this four-year program explores solutions to real-world problems using digital agriculture technologies and practices that are centered on sustainability, including social, economic, and environmental impacts.

Brewmaster & Brewery Operations Management

Two Year Diploma | September Intake

The Brewmaster and Brewery Operations program targets a diverse range of enthusiasts and professionals who see this as a valuable career opportunity in a vibrant and continually growing industry.

Learn the art, science and the business of brewing in our 2,300 square foot teaching brewery from staff with extensive experience in the brewery business. Our Brewery Retail Store adjacent to the teaching brewery will provide you with the opportunity to connect with prospective customers. Students will receive a solid grounding in technical, analytical, business and marketing skills developed under the direction of the Canadian Food and Wine Institute (CFWI).

Business Management Certificate

One Year Certificate | September Intake

Develop your business skills to the next level with Business Management. After completion of the first year in the Business Management certificate, students have the option of returning to complete the second year of the Business Management diploma.

The Business Management Certificate teaches you how to manage resources (people, money, time and materials) and to reach organizational goals in today's technologically complex and competitive environment. Olds College provides business students with a unique learning opportunity and experience. It is one of the first Colleges in Canada to offer students such a progressive learning program.

Business Management Diploma - General Management Major

One plus One Year Diploma | September Intake

A continuation of the 1 year Business Management Certificate, the Business Management Diploma will give students a more in depth analysis of the tools needed to succeed in business.

This program has a focus on project-based learning, working alongside clients and business owners in problem solving situations that put theories into practice and learning about different subjects simultaneously.

Business Management Diploma - Sports Management Major

Two Year Diploma | September Intake

Sport Management professionals combine the administration of sport, fitness and recreation with the foundations of business to work as leaders and planners in an ever-changing field. If you're organized, adaptable, and passionate about sports, fitness and recreation, Olds College Sport Management program could be just what you're looking for.

G Equine Care & Management Certificate

One Year Certificate | September Intake

Turn your passion for horses into an exciting and rewarding career in the equine sector, with the Equine Care & Management certificate program. Through this program, you will learn foundational knowledge and skills of equine behaviour and handling, management of horses and horse herds, how to respond when first aid is required and how to communicate effectively within the equine industry.

Equine Reproduction Technician

One Year Certificate | October Intake

This eight month program of blended learning is aimed at providing graduates with the knowledge and skills necessary to participate in or operate an equine breeding facility. The program combines four months of online learning with four months of onsite, hands-on training.

Delivery: Blended (Online and Olds Campus)

Farrier Science

One Year Certificate | September Intake

Olds College Farrier Science certificate program is recognized as providing the finest farrier programming in North America. The program covers trimming, forging and fitting handmade shoes combined with horse anatomy, physiology, welding, record keeping, and business management. Students will learn to recognize and deal with hoof and gait problems by practicing traditional and modern approaches to forging custom shoes.

Delivery: On-Campus

Heavy Equipment Operator Certificate

Twelve Week Certificate | Fall & Winter Intakes

Olds College's Heavy Equipment Operator Certificate (HEO) is an Alberta Advanced Education papers approved program. Our comprehensive program is developed with industry to keep up with the demands in the workforce. The mix of classroom theory and practical skills are a balance supported by industry. Students are eligible to receive Alberta Student Aid which may cover a significant portion of the program cost.

Delivery: Olds Campus & On Location

Heavy Equipment Technician Apprenticeship

Eight Weeks Technical Training | Fall & Winter Intakes

This program allows you to work with both on and off road equipment, from heavy transport haulers to excavators. Heavy Equipment Technicians repair and overhaul engines, mechanical & power shift transmissions, hydraulics, and basic electrical systems on the largest and most powerful equipment.

Delivery: Olds Campus

Horticulture Technologist Diploma

Two Year Diploma | September Intake

Sustainability, water management, production horticulture, and urban agriculture are vital elements of the world we live in. The Horticulture Technologist Diploma provides you with a deeper understanding of horticulture, including the production and management of plants, the management of pests, landscapes, soils and water systems to achieve

productive and sustainable systems. You will get to take part in Field School, where you get to work with a company to put your studies into practice, and earn a wage while you learn.

Hospitality & Tourism Management

Fifteen Month or Two Year Diploma | August Intake

Prepare for a fulfilling career in the exciting hospitality and tourism industry with the Hospitality and Tourism diploma. During this program, you'll be equipped with practical knowledge and skills required for exceptional front-line guest experience, as well as leadership and management skills to pursue exciting supervisory and management careers.

Land & Water Resources Diploma

Two Year Diploma | September Intake

Get involved in Land Reclamation and Remediation or Environmental Stewardship and Rural Planning, through the only certified planning diploma in Western Canada. Put yourself on a career path constructing a positive and sustainable environment for future generations.

Landscape Horticulturist Apprenticeship

Eight Weeks Technical Training | Fall & Winter Intakes

As an Apprentice Landscape Horticulturist you will be on target for a rewarding career as a Journeyman Landscape Horticulturist. Blend your learning in the classroom with on the job training. Our accomplished and qualified faculty will show you the skills you need to be a successful professional. Earn your certificate while working in parks or golf course maintenance, horticulture marketing and nursery or greenhouse production.

Meat Processing Certificate

Fifteen Week Certificate | Fall, Winter, & Spring Intakes

Olds College is the National Meat Training Centre for Canada and three times a year our program takes in a wide range of students from all over North America. We teach techniques for professional meat cutting, trimming, boning, breaking, wrapping, sausage-making and curing with professional sanitation and food safety applications, including HACCP. We are Alberta's training site for humane handling and stunning – and the only program in North America that teaches slaughter skills and techniques such as skinning, eviscerating and carcass preparation.

Open Studies

No Credential | September & January Intakes

Open Studies programs are designed to help you find the areas that you are most passionate about so you can decide which program you want to join. These programs help you explore credit courses from a range of Olds College programs and ease into the post-secondary environment.

Post-Diploma Certificate (Various)

Post-Diploma Certificate | September Intake

The one-year Post-Diploma Certificate (30 credits) at Olds College is designed to enhance your previously obtained post-secondary education with practical and employable skills in an area of specialization. Through a mix of classroom instruction and hands-on learning on the Olds College farm, landscape pavilion, in greenhouses, and infield experiences, students will benefit from small class sizes and instructors with extensive knowledge and experience.

Precision Agriculture - Techgronomy Diploma

Two Year Diploma | September Intake

Graduates from this program will be prepared for careers that require a deep understanding of the connectedness between agronomy, agriculture machinery/purpose built network management, and data sciences. Students will engage in hands-on training on our Olds College Smart Farm ecosystem, focusing on integrating precision technology and agronomy and enhancing decision support systems through actionable and effective on-farm decision making. Graduates will be prepared to work in fast-paced environments where emerging technologies are constantly influencing the industry.

Pre-Employment Heavy Equipment Technician

Twelve Week Certificate | Fall & Winter Intakes

The Olds College Pre-Employment Heavy Equipment Technician program prepares the graduate for entry level positions in the heavy equipment sector. It covers basic diagnostics, repair, and maintenance of heavy equipment and its various components. Worksite fundamentals including occupational health and safety are emphasized throughout the training. This program is the equivalent to the technical training of first year apprenticeship, with additional instructor contact hours.

Pre-Employment Motorcycle Mechanic

Twelve Week Certificate | Winter Intake

Motorcycle enthusiasts have a true passion for the open road and for ensuring their bikes are performing at a top-notch level. Whether you are looking to begin your career as a Motorcycle Mechanic, or you are a hobbyist looking for professional training, the Pre-Employment Motorcycle Mechanic program might be a fit for you. This twelve week program will prepare you to use industry procedures for entry level assembly, maintenance, repairs, and restoration of motorcycles and multi-wheeled lightweight all-terrain vehicles.

Pre-Employment Welder

Twelve Week Certificate | Fall & Winter Intakes

The Olds College Pre-Employment Welder program prepares the graduate to perform entry level welding of metals in the repair, maintenance, fabricating or manufacturing of a wide variety of metal equipment and components. The program also focuses on workplace fundamentals and occupational health and safety training. This program is the equivalent to the technical training of first year apprentice.

Transitional Employment Program

One Year Certificate | August Intake

The Transitional Employment Program (TEP) is an eleven-month program for adults with developmental disabilities. Olds College has proudly provided this program since 1981. The program helps graduates gain skills needed to enter and maintain employment. Staff work closely to support students and employers to establish goals, monitor progress, and evaluate achievement.

Turfgrass Management Diploma

Two Year Diploma | January Intake

During the two on-campus portions of this program, students will experience hands on learning in our impressive facilities. The unique Bank of Montreal Landscape Construction Pavilion will ensure students experience hands-on bunker or irrigation construction irrespective of the weather. The computer controlled greenhouses and living labs enable applied turfgrass research with the support of industry partners who supply the latest service equipment.

Students will complete three field schools (6 months in total) and three Internships (6 months in total) to put into practice their knowledge and gain valuable hands-on experiences in the Turfgrass Industry.

O Veterinary Medical Receptionist Certificate

One Year Certificate | September Intake

Do you enjoy working with people and share a love for animals? The Veterinary Medical Receptionist (VMR) provides client care as the "face of the practice" and hands-on animal care to farm and companion animals, both large and small. The Veterinary Medical Receptionist certificate is currently offered in two delivery methods:

On-Campus Delivery: This 8-month certificate program begins in September and culminates with a four week industry practicum. During their studies, VMR students will learn to understand the importance of the VMR role. We recommend you seek a job shadowing opportunity at your local veterinary clinic.

Online Delivery: Complete the VMR program from home! The new online delivery method will allow students to complete two courses per 7-week block (total of 10 courses). Running from September to August, students will gain their certificate through a combination of distance learning, a one week on-campus laboratory, and an industry practicum.

Veterinary Technical Assistant Certificate

Four Month Certificate | September Intake

The Veterinary Technical Assistant is a valued member of a veterinary practice team and works alongside veterinary professionals, Animal Health Technicians, and shelter staff in the small animal industry. In this program, you will learn the principles and procedures of the veterinary industry through a combination of classroom and hands-on work with small animals in our hospital setting. You will learn about veterinary equipment, instrumentation, patient preparation, and animal handling skills.

Welder Apprenticeship

Eight Weeks Technical Training | Fall & Winter Intakes

First Period Training Topics include: workplace safety and tools; oxyacetylene cutting; plasma arc cutting and gouging; welding technology fundamentals and properties of metals; wire feed welding, gas metal arc welding (GMAW), flux cored arc welding (FCAW), metal-cored arc welding (MCAW), and submerged arc welding (SAW); and trade math.

Second Period Training Topics include: shielded metal arc welding (SMAW) I and II; gas tungsten arc welding (GTAW); and pattern development and estimating.

Third Period Training Topics include: SMAW III; welds on mild steel plate and pipe; drawing interpretation; and trade science (testing, metallurgy, codes).

Humber Bachelor's Degrees

Humber's four-year Honours Bachelor's Degree programs combine the academic excellence of a bachelor's degree with practical knowledge and career-focused experience.

Degree students complete a comprehensive curriculum that is grounded in specialized classroom theory and taught by professors with outstanding academic credentials. You also receive industryguided and job-relevant instruction and have the opportunity to develop practical skills through hands-on field experience and work-integrated learning. It's a unique combination that gives you a deep understanding of your chosen profession and the benefit of being a job-ready graduate with practical experience that employers are looking for.

With over 30 Honours degree programs to choose from, there's a pathway for you to match your strengths and interests and give yourself a clear advantage in a competitive world.

FOUR-YEAR HONOURS BACHELOR'S DEGREES

Kimone Smith, St. Andrew, Jamaica BACHELOR, DIGITAL COMMUNICATIONS

I wouldn't change a thing about my time at Humber! During the program, I was encouraged to explore new ideas and to create thoughtful work. Some highlights of the program include industry professionals visiting to talk to us about their journey, classroom discussions and working on my capstone project.

Along with my studies, being involved in the school community was very important to me. I worked for First Year Experience (FYE), IGNITE and volunteered with the International Centre throughout my four years. I loved being involved and helping students have a better experience.

In 2019, I worked as a Digital Communications intern for a public relations agency. At the end of my internship, I was fortunate to be offered a part-time position as I finished up my final year at Humber. Once I graduated, I was offered a full-time job as a Creative Account Coordinator. I have learned so much about public relations through this role and the creative industry as a whole. I'm very excited to keep learning and growing in this field!

Credentials

We offer a broad range of credentials that give students the skills they need to thrive in evolving job markets worldwide. With hundreds of program options offered, you can choose the credential that complements your career path.

ONTARIO GRADUATE CERTIFICATE

- · Duration: 1-2 years
- Admission Requirements: Previous postsecondary experience.
- Program outcome: Students are prepared for employment in a specialized role and for further post-secondary studies. Students will gain a deeper understanding of skills and knowledge already achieved through previous education.

humber.ca/postgrad

HONOURS BACHELOR'S DEGREE

- · Duration: 4 years
- Admission Requirements: Ontario Secondary School Diploma (OSSD) or equivalent.
- Program outcome: Students are prepared for employment by gaining interdisciplinary perspectives, theoretical and practical knowledge and skills with a specialized focus in at least one discipline.

humber.ca/degrees

ONTARIO COLLEGE ADVANCED DIPLOMA

- **Duration:** 3 years
- Admission Requirements: Ontario Secondary School Diploma (OSSD) or equivalent. Or be at least 19 years or older to apply as a mature applicant.
- Program outcomes: Students are prepared for entry-level employment or further advanced education. Expect to gain distinct industry knowledge and perspectives that enable you to work within a broad range of functions in your field of study.

humber.ca/full-time-programs

 For more information on credentials, visit: humber.ca/future-students/ understanding-credentials.html

ONTARIO COLLEGE DIPLOMA Duration: 2 years

 Admission Requirements: Ontario Secondary School Diploma (OSSD) or equivalent. Or be at least 19 years or older to apply as a mature applicant.

 Program Outcomes: Students are prepared for entry-level employment or further advanced education. Expect to gain distinct industry knowledge and perspectives that enable you to work within a broad range of functions in your field of study.

ONTARIO COLLEGE CERTIFICATE

- · Duration: 1 year
- Admission Requirements: Ontario Secondary School Diploma (OSSD or equivalent. Or be at least 19 years or older to apply as a mature applicant.
- Program Outcomes: Students are prepared for entry-level employment or further advanced education. Expect to gain distinct industry skills to execute various projects that relate to your field of study.

humber.ca/full-time-programs

CERTIFICATE OF ACHIEVEMENT

- Duration: 5-10 courses
- Admission Requirements:
 Varies by occupation. Applicants must be 16 years or older.
- Program Outcomes: Students are prepared for employment or further advanced education. Expect to develop a wide breadth of foundational skills required for entrylevel positions in your industry.

humber.ca/full-time-programs ENGLISH FOR ACADEMIC PURPOSES CERTIFICATE

- Duration: Up to 8 levels of study (each level is 8 weeks long)
- Start Dates: September, November, January, March, May, June.
- Program Outcomes: Improve English communication skills in an intensive, full-time academic pathway program.

liberalarts.humber.ca/programs/englishfor-academic-purposes

Academic Pathways

Whether you want to transfer to Humber, within Humber or out of Humber, we can help you along the way. Choose the best path to accomplish your goals.

TRANSFER IN

If you have completed a similar course at another recognized post-secondary institution, you may be eligible to receive transfer credits toward your Humber program.

TRANSFER WITHIN

Humber supports continuous learning and we have many pathways between credentials to help you find the right program fit. Students who enrol in our diploma programs can transfer into our degree programs and receive partial credit for their previous studies. Please note that a reduction in the length of a study program could influence the length of a student's post-graduate work permit.

TRANSFER OUT

Humber graduates can continue their academic pathways at other educational institutions internationally or within Canada. Humber partners with many post-secondary institutions throughout Canada and abroad and allows students and graduates to use their Humber credential to gain admission or advanced standing in another program of study.

Humber students have successfully transferred into bachelor and master programs across many Canadian universities including:

Dalhousie University

- Queen's University
- Toronto Metropolitan University
- University of Toronto
- Waterloo University
- Western University
- York University

international.humber.ca/study-athumber/transfer-options-and-credits.html

English for Academic Purposes (EAP)

The English for Academic Purposes (EAP) certificate program, offered by Humber's Centre for Education, Language and Professional Practice, is an intensive, full-time academic pathway program. The program integrates reading, writing, listening and speaking skills with an academic focus, designed specifically for entry into college diploma, degree and Ontario graduate certificate programs or for further professional development.

FEATURES

- 18 hours per week of instruction
- · Hybrid courses in all levels to promote study flexibility
- Fully online options available in levels 6, 7 and 8
- Direct pathway for EAP level 8 students into most Humber Academic Programs

EAP START DATES, 2022-2023

Intake	Orientation	Class Start	Class End
Intake 1	September 2	September 6	October 21
Intake 2	October 28	October 31	December 16
Intake 3	January 6	January 9	February 24
Intake 4	March 3	March 6	April 21
Intake 5	April 28	May 1	June 16
Intake 6	June 23	June 26	August 11

- 92% of students in EAP graduate and enter directly into Humber's Academic Programs without the need for further exams
- Fast-track your learning and earn relevant college credit courses during EAP to bridge into your degree or diploma program

19

- Free individual tutoring support
- On-campus study with access to all Humber support services and facilities
- Students must provide an English language test score at the time of application to be placed in an EAP starting level.
 See entry score requirements for each EAP level here: liberalarts.humber.ca/programs/english-for-academicpurposes.html
- Tuition fee for 2022-2023 was \$3,576 CAD per level (excludes health insurance)
- To learn more, visit: liberalarts.humber.ca/eap

- 12. Forest and Natural Areas Management, Diploma
- 13. Geographic Information Systems, Advanced Diploma
- 14. Geomatics, Bachelor of Science
- 15. Geomatics Engineering Technology, Diploma
- 16. Honours in Biotechnology Bachelor of Science, Cooperative Education
- 17. Industrial Network Cybersecurity, Diploma
- 18. Mineral Exploration and Mining Technology, Diploma
- 19. Mining and Mineral Resource Engineering, Bachelor of Engineering

Business & Media

- 20. 3D Modeling, Art and Animation, Diploma
- 21. Accounting, Bachelor of Accounting
- 22. Accounting, Diploma

- 23. Business Administration, Bachelor of Business Administration
- 24. Broadcast and Online Journalism, Diploma
- 25. Business Administration, Graduate Certificate
- 26. Business Fundamentals, Associate Certificate
- 27. Business Information Technology Management (Artificial Intelligence Management Option), Diploma
- 28. Business Information Technology Management (Enterprise Systems Management Option), Diploma
- 29. Business Management (Advanced Placement Degree/Diploma entry), Diploma
- 30. Business Management, Diploma
- 31. Business Management, Advanced Diploma
- 32. Business Operations Management, Diploma
- 33. Business and Media Study Abroad (For International Students)
- 34. Communication Design Essentials, Certificate
- 35. Digital Design and Development, Diploma
- 36. Finance, Diploma
- 37. Financial Planning, Diploma
- 38. Full-Stack Web Development, Diploma
- 39. General Insurance and Risk Management, Diploma
- 40. Global Leadership Graduate, Certificate
- 41. Global Trade and Transportation Management, Diploma
- 42. Graphic Communications Technology Management, Diploma
- 43. Graphic Design, Associate Certificate
- 44. Human Resource Management (Advanced Placement Degree/Diploma entry), Diploma
- 45. Human Resource Management, Diploma

- 46. Marketing Management (Entrepreneurship Option), Diploma
- 47. Marketing Management, Diploma
- 48. Marketing Management (Marketing Communications Option), Diploma
- 49. Marketing Management (Professional Sales Option), Diploma
- 50. Marketing Management (Tourism Management Option), Diploma
- 51. Master of Digital Media
- 52. New Media Design and Web Development, Diploma
- 53. Office Administrator with Technology Program (OAT), Certificate
- 54. Professional Accounting, Advanced Diploma
- 55. Professional Real Estate, Advanced Diploma
- 56. Radio Arts and Entertainment, Diploma
- 57. Sustainable Business Leadership, Advanced Diploma
- 58. Technical Arts Advanced, Diploma
- 59. Television & Video Production, Diploma

Computing & Information Technology

- 60. 3D Modeling, Art and Animation, Diploma
- 61. Business Information Technology Management (Artificial Intelligence Management Option), Diploma
- 62. Business Information Technology Management (Enterprise Systems Management Option), Diploma
- 63. Business and Media Study Abroad (For International Students)
- 64. Communication Design Essentials, Certificate
- 65. Computer Information Systems Administration, Diploma
- 66. Computer Information Technology, Diploma
- 67. Computer Systems (Games Development Option), Bachelor of Technology
- 68. Computer Systems (Network Security Applications Development), Bachelor of Technology

- 69. Computer Systems Technology, Diploma
- 70. Digital Design and Development, Diploma
- 71. Electrical and Computer Engineering Technology (Telecommunications and Networks Option),

Diploma /Cooperative Education

- 72. Forensic Investigation (Digital Forensics and Cybersecurity Option), Bachelor of Technology
- 73. Front-End Web Developer Certificate
- 74. Full-Stack Web Development, Diploma
- 75. Graphic Communications Technology Management, Diploma
- 76. Industrial Network Cybersecurity, Diploma
- 77. Network Administration and Security Professional (NASP), Certificate
- 78. New Media Design and Web Development, Diploma
- 79. Office Administrator with Technology Program (OAT), Certificate
- 80. Software Systems Developer (Web Programmer Option), Certificate
- 81. Technical Arts Advanced, Diploma
- 82. Technology Entry (TE)
- 83. Technology Support Professional (TSP), Certificate

Engineering

- 84. Aircraft Gas Turbine Technician, Certificate
- 85. Aircraft Maintenance Engineer Category 'M' (Maintenance), Diploma
- 86. Aircraft Maintenance Engineer Category 'E' (Electronics), Diploma
- 87. Architectural Science, Bachelor of Architectural Science
- 88. Architectural and Building Technology, Diploma
- 89. Architectural and Structural CADD and Graphics Technician (Architectural Option), Certificate
- 90. Architectural and Structural CADD and Graphics Technician (Structural Option), Certificate

- 91. Biomedical Engineering Technology, Diploma
- 92. Building Engineering/Building Science, Master of Applied Science
- 93. Building Science, Master of Engineering
- 94. Chemical and Environmental Technology (Analytical Science Option), Diploma
- 95. Chemical and Environmental Technology (Process Engineering Option), Diploma
- 96. Civil Engineering, Bachelor of Engineering
- 97. Civil Engineering, Diploma
- 98. Construction Management, Bachelor of Technology
- 99. Electrical and Computer Engineering Technology (Automation and Instrumentation Option), Diploma

/Cooperative Education

100. Electrical and Computer Engineering Technology (Electrical Power and Industrial Control Option),

Diploma /Cooperative Education

101. Electrical and Computer Engineering Technology (Telecommunications and Networks Option),

Diploma /Cooperative Education

- 102. Environmental Engineering, Bachelor of Technology
- 103. Geographic Information Systems, Advanced Diploma
- 104. Geomatics, Bachelor of Science
- 105. Geomatics Engineering Technology, Diploma
- 106. Industrial Instrumentation and Process Control, Technician Diploma
- 107. Interior Design, Bachelor of Interior Design / Cooperative Education
- 108. Interior Design, Diploma
- 109. Interior Design Fundamentals, Certificate
- 110. Mechanical Engineering Technology (Mechanical Design Option), Diploma

111.	Mechanical Engineering Technology (Mechanical Manufacturing Option), Diploma
112.	Mechanical Engineering Technology (Mechanical Systems Option), Diploma
113.	Mechatronics and Robotics, Diploma
114.	Mineral Exploration and Mining Technology, Diploma
115.	Mining and Mineral Resource Engineering, Bachelor of Engineering
116.	Technology Entry (TE)
117.	Telecommunications Systems Technician (Radio Systems Option), Diploma
118.	Telecommunications Systems Technician (Telecommunications Networks Option), Diploma
Health	Sciences
119.	Biomedical Engineering Technology, Diploma
120.	Food Technology, Diploma
121.	Food Technology and Operations, Management Bachelor of Science
122.	Honours in Biotechnology, Bachelor of Science /Cooperative Education
123.	Occupational Health and Safety, Diploma
Trades	
124.	Aircraft Gas Turbine Technician, Certificate
125.	Aircraft Maintenance Engineer Category 'M' (Maintenance), Diploma
126.	Aircraft Maintenance Engineer Category 'E' (Electronics), Diploma
127.	Airline and Flight Operations Commercial Pilot (Fixed-Wing), Diploma
128.	Airline and Flight Operations Commercial Pilot (Rotary-Wing), Diploma
129.	Airport Operations, Diploma
130.	Architectural and Structural CADD and Graphics Technician (Architectural Option), Certificate
131.	Architectural and Structural CADD and Graphics Technician (Structural Option), Certificate
132.	Automotive Service Technician and Operations, Diploma /Cooperative Education

133.	Automotive Service Technician and Operations - Non-Co-op Option, Diploma
134.	Carpentry Framing and Forming Foundation, Certificate
135.	Heavy Duty Truck Technology, Diploma /Cooperative Education
136.	Industrial Instrumentation and Process Control Technician, Diploma
137.	Interior Design, Bachelor of Interior Design /Cooperative Education
138.	Interior Design, Diploma
139.	Interior Design Fundamentals, Certificate
140.	Joinery (Cabinetmaker) Foundation, Certificate
141.	Machinist Foundation, Certificate
142.	Metal Fabricator Foundation, Certificate
143.	Piping Foundation, Certificate
144.	Refrigeration and Air Conditioning Mechanic Foundation, Certificate
145.	Security Systems Technician, Certificate
146.	Sheet Metal Worker Foundation, Certificate
147.	Telecommunications Systems Technician (Radio Systems Option), Diploma

Telecommunications Systems Technician (Telecommunications Networks Option), Diploma

148.

Assiniboine College

HOME » STUDY HERE » INTERNATIONAL STUDENTS » AVAILABLE PROGRAMS

Available Programs for International Students

We are currently accepting applications from international students in the following full-time programs listed in the tables below. Please note, some of the programs listed below could have a waitlist for their next intake date.

Refer to the program page linked in the table below for more details about that specific program, including estimated tuition and admission requirements. Advanced diploma programs have a minimum admission requirement of a two-year diploma or university degree.

Assiniboine Community College is a <u>Designated Learning Institution</u> (DLI #O19201282282) recognized by the Government of Canada. Assiniboine campuses in Brandon, Winnipeg and Dauphin are all part of this DLI.

Do you need to increase your English language proficiency?

We offer an <u>English for Academic Purposes (EAP) program</u> designed for you to improve your English language abilities and prepare for success in one of our full-time college programs.

LEARN MORE

Program Start Dates

Program start dates are indicated by a ✓ in the tables below, meaning the program is open for you to apply to as an international student. Please note, some of the programs listed below could have a waitlist for their next intake date.

ONE ACADEMIC YEAR - ADVANCED DIPLOMAS

SCROLL/SWIPE TO SEE MORE ↔

Program	Location	Program Start Date			Length
		January 2023	May 2023	Sept 2023	
Accounting	Brandon			√	8 months
Accounting with Co-op (cohort)	Brandon (with rural co-op placements)		√		12 months
Agriculture (cohort)	Brandon			√	12 months
