(This list is an indication of the common acronyms and abbreviations; the Entity should include all from the quarterly report and financial statements prepared)

Receiver Of Revenue

County Government of Elgeyo Marakwet

Quarterly Reports and Financial Statements For the period ended 31st December 2025

2. Key Entity Information and Management.

(a) Background information

The *receiver of revenue* is under the Department of Finance and Economic Planning. At the County Executive Committee level, the *receiver of revenue* is represented by the County Executive Committee member for Finance and Economic Planning, who is responsible for the general policy and strategic direction of the *receiver of revenue*. The *receiver of revenue* is designated as a receiver of revenue on 24th November, 2022 by the County Executive Committee member for Finance, in accordance with section 157 of the PFM Act.

(b) Principal activities

The receiver of revenue collects revenue and remits it to the County Revenue Fund (CRF).

(c) Key Management Team

The County Government of Elgeyo Marakwet day-to-day management of revenue is under the following:

No.	Designation	Name
1.	CEC member –Finance	Alphaeus K. Tanui
2.	Chief Officer, Finance	Peter Chesos
3.	Director, Revenue	Solomon Kandie
4.	Head of Revenue Reporting	JohnKeen M. Jairo

(d) Fiduciary Management

No.	Designation	Name
1.	Chief Officer, Finance.	Peter Chesos
2.	Director Accounting services	JohnKeen M. Jairo
3.	Head of Procurement	Peter Maiyo
4.	Director Economic Planning and Budgeting	John Maritim
5.	Director Internal Audit	Philip Seronei

(Include all positions regarded as top management in your organisation as per your organisational structure).

Fiduciary Oversight Arrangements

The County Government of Elgeyo Marakwet has put in place adequate measures to ensure that there are necessary oversight arrangements to ensure that receiver of revenue operations adhere to the laid down collection, accounting and reporting procedures.

The Receiver of Revenue holds monthly meetings with County Treasury management to brief on the status of revenue collection, accounting and reporting. In addition, the Internal Audit Directorate routinely carries out audits of the receiver of revenue financial statements and operations. These audits usually provide important feedback on improvement of receiver of revenue processes.

The receiver of revenue, through the office of CECM Finance and Economic Planning, occasionally appears before the Elgeyo Marakwet County Assembly committee on finance and economic planning which carries out regular oversight on reports and operations or revenue collection in the county.

3. Foreword By the CECM Finance and Economic Planning

The County Government of Elgeyo Marakwet budgeted Kshs 457,429,872 in the financial year 2025/2026, out of which Sh. 350,000,000 will be collected as public health hospital fees while sh. 107,429,872 will be collected from ordinary revenue. During the period under review, the county government collected Ksh. 154,039,418 compared to Ksh. 179,311,857 collected in the same period in FY 2024/25. This translated to 14.09% decline in revenue. This decline is attributed to delayed remittance of claims from Social Health Authority for Hospital claims, decline agricultural produce owing to unfavourable weather conditions which affected agricultural production in the highlands of Marakwet West and Keiyo South.

The county government aims to sustain this revenue growth trajectory by fully rolling out the Integrated Revenue Management System to include all revenue streams. The county government will also upscale efforts for compliance and enforcement in order to seal leakages.

With the economy recovering from external shocks, it is expected that the business environment will be favourable for businesses to grow and attract more businesses the ongoing construction of fresh produce markets at Iten, Chepkorio, Cheptongei, Chebiemit and Kapcherop towns will, in the medium term, increase revenues collected from market entry fees.

In order to align the own source revenue collections to the legal requirements that govern collection of county taxes, the county government will be seeking to enact the relevant tax laws. During the period, the County Executive Committee approved the enactment of three revenue primary laws which will give the much-needed legal backing for collection of revenues from Trading licenses, markets, cess. The laws include; Elgeyo Marakwet Revenue Administration Bill 2025, Elgeyo Marakwet Agricultural Cess Produce Bill 2025 and Elgeyo Marakwet County Trade and Markets Licensing Bill, 2025

Performance of County Own Source Revenue against the Budget

Receiver Of Revenue

County Government of Elgeyo Marakwet

Quarterly Reports and Financial Statements For the period ended 31st December 2025

Section A

The third generation County Integrated Development Plan (CIDP III), the first under the new county administration, sets out programs, policies, strategies, and projects whose implementation will be underpinned on the new administration's theme of 'creating opportunities and nurturing potentials for all citizens. CIDP III aims to transform Elgeyo Marakwet into a progressive county championing citizen-oriented development status through empowerment, participation, innovative sustainable development, and enhanced climate resilience.

CIDP III aims at addressing the following priority programs, projects, policies, and strategies

- i. An efficient and high-quality healthcare system
- ii. A modern roads and transport infrastructure
- iii. A water secure community in habitable environment
- iv. Accelerated growth through human settlement and urban development
- v. Food security and wealth creation
- vi. Commercial empowerment for investments and industrialization
- vii. Quality, equitable and accessible education and training

The financial capacity of delivering on the targets set in this Plan is estimated to be Ksh 107.048B. Of this amount, Ksh 17.589B. is expected to be from the county annual budget as allocated from the annual equitable share by Commission on Revenue Allocation (CRA) and collections from the county own revenue sources. The remainder of the Ksh 89.459B, worth of programmes will be financed from resource mobilisation strategies targeting National Government Agencies, Non-Governmental Organizations, Development Partners, other non-state development actors and the private sector.

The county government will put in place measures to enhance own source revenue in order to reduce dependence of the equitable share from the national government.

According to the CRA's Comprehensive Own Source Revenue Potential and Tax Gap Study report, Elgeyo Marakwet County has a potential of collecting Ksh. 1.078billion in own source revenue. In the FY 2024/2025, the county collected Ksh. 372million representing 34.4% of the potential.

Section B

Entity's compliance with statutory requirements

The county government of Elgeyo Marakwet is compliant to all the requirements relating to operations of the receiver of revenue.

Section C

Key projects and investment decisions the entity is planning/implementing.

The county government has earmarked several projects and programs to be implemented through the CIDP III for the period 2023-2027. The programs and projects aim at creating opportunities and nurturing potentials, being the overall objective of the CIDP. The plan identifies key programs and projects to be implemented across the five sectors of the county's economy. These sectors are; Social, Health and Sanitation, Infrastructure and Public administration and governance.

These programs will be implemented through the Wealth Creation Strategy that aims at improving Agriculture and Livestock value chains in an effort to increase community empowerment through promotion of high value crop and livestock value chains. The programs identified are capital intensive and require a lot of resources to implement them. The financial capacity of delivering on the targets set in this Plan is estimated to be Ksh 107.048B. Of this amount, Ksh 17.589B. is expected to be from the county annual budget as allocated from the annual equitable share by Commission on Revenue Allocation (CRA) and collections from the county own revenue sources. The remainder of the Ksh 89.459b, worth of programmes will be financed from resource mobilisation strategies targeting National Government Agencies, Non-Governmental Organizations, Development Partners, other non-state development actors and the private sector.

The county government will put in place measures to enhance own source revenue in order to reduce dependence of the equitable share from the national government.

Section D

The entity's financial probity and serious governance issues

Receiver Of Revenue
County Government of Elgeyo Marakwet
Quarterly Reports and Financial Statements For the period ended 31st December 2025

Statement of Receiver of Revenue's responsibilities

Section 158 (3) of the Public Finance Management Act, 2012 requires that, at the end of each Quarter, a receiver of revenue for a county government shall prepare an account in respect of the revenue collected, received and recovered by the receiver during that financial period.

The Receiver of Revenue is responsible for the preparation and presentation of the *receiver of revenue account*, which gives a true and fair view of the state of affairs of the *receiver of revenue* for and as at the end of the Quarter ended on 31st December 2025. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the statement of assets and liabilities of the entity, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the entity, (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Receiver of Revenue in charge accepts responsibility for the *entity's receiver of revenue* accounts, which have been prepared on the Accrual Basis method of financial reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS) and relevant legal framework of the Government of Kenya. The Receiver of Revenue is of the opinion that the *entity's receiver of revenue* account gives a true and fair view of the state of the *entity's receiver of revenue* transactions during the financial period ended 30th September, 2025, and of the *entity's* statement of assets and liabilities as at that date. The Receiver of Revenue further confirms the completeness of the accounting records maintained, which have been relied upon in the preparation of the *Receiver of Revenue account* as well as the adequacy of the systems of internal financial control.

The Receiver of Revenue confirms that the *entity* has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable). The Receiver of Revenue confirms that the revenue statements have been prepared in a form that complies with relevant accounting standards as prescribed by the Public Sector Accounting Standards Board of Kenya.

Receiver Of Revenue
County Government of Elgeyo Marakwet
Quarterly Reports and Financial Statements For the period ended 31st December 2025

The performance of various revenue streams were within the quarter target. It is expected that the trajectory will be sustained in quarter two.

The County Receiver of revenue's financial statements were approved on 15/01/2026 and signed by:

.....
Name: Solomon Kandie
County Receiver of Revenue
.....
P. O. Box 220 - 30700, ITEN

.....
Name: John Keen M. Jairo
Head of Revenue Reporting
.....
ICPAK M/No 8112

9. Notes to the Financial Statements

1. General Information

Elgeyo Marakwet County Receiver of Revenue was appointed by the CEC member of Finance and Economic Planning of County Government in accordance with section 157 of the PFM Act. The Entity's principal activity is Receiver of Revenue as outlined in the appointment letter and section 157 of the PFM Act.

2. Statement of Compliance and Basis of Preparation

Statement of compliance

The financial statements have been prepared in accordance with the Public Finance Management Act, 2012 and with the International Public Sector Accounting Standards (IPSAS).

Guiding note during the transition period:

The financial statements have been prepared in accordance with the PFM Act, and International Public Sector Accounting Standards (IPSAS), or the entity has taken advantage of the transitional provisions under IPSAS 33 and therefore these 2nd years financial statements are transitional financial statements and the following elements of the financial statements have not been recognized as the entity has taken advantage of the transition provisions outlined in IPSAS 33. (entity to state the transitional provisions it has applied and the steps being towards full compliance with IPSAS Accrual).

Basis of Preparation

These financial statements have been prepared on a going concern basis, and the accounting policies have been applied consistently throughout the period. These financial statements have been prepared on an accrual basis unless otherwise specified (for example, the Statement of Cash Flows). Under an accrual basis, revenues are recognized when rights to assets are earned or levied rather than when cash is received, and expenses are recognized when obligations are incurred rather than when they are settled. The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the Entity. The accounting policies adopted have been consistently applied to all the years presented.

Reporting period

The reporting period for these financial statements is for the period ended 31st December 2025.

Notes to the financial statements

3. Significant Accounting Policies

The principal accounting policies adopted in the preparation of these revenue statements are set out below:

i) Revenue from non-exchange transactions

Fees, taxes, fines and charges

The *Receiver of Revenue* recognizes revenues from fees, taxes, fines and charges when the event occurs and the asset recognition criteria is met. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the Entity and the fair value of the asset can be measured reliably.

ii) Revenue from exchange transactions

Rendering of services

The *Receiver of Revenue* recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to the Entity.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Notes to the financial statements

Dividends

Dividends or similar distributions must be recognized when the shareholder's or the Entity's right to receive payments is established.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

iii) Budget

The County Revenue budget is developed on cash basis. The budget has the same accounts classification basis, and for the same period as the financial statements. The County budget was approved as required by law. The original budget was approved by the County Assembly on 25th June, 2025 for the period 1st July 2025 to 30 June 2026. There was no number of supplementary budgets passed in the period. A high-level assessment of the County's actual performance against the comparable budget for the financial period under review has been included in these financial statements.

The *Entity's* budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget. A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of cashflows has been presented under section 9 of these financial statements.

iv) Cash and cash equivalents.

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include revenue collection accounts held at Commercial banks.

Notes to the financial statements

v) Revenue in Arrears

Revenue in arrears relate to revenue earned and is yet to be received or collected by the receiver of revenue. These arrears are presented as receivables from exchange and non-exchange transactions in the statement of financial position. These receivables are assessed for impairment on a continuous basis. The details of these arrears are presented as an appendix to the financial statements under the statement of arrears as required under the PFM Act, 2012 Section 165 (2) (b).

vi) Disbursements to CRF

The Receiver of Revenue has an arrangement for transfer of funds from its bank account to the CRF account. Total disbursements to the CRF are as a result of the transfer arrangement during the period. *(Include the receiver's actual policy on disbursements whether weekly, monthly....)*

vii) Payables due to CRF

These relate to amounts yet to be disbursed to the County Revenue Fund at the end of the period. The amount also includes monies that are yet to be collected by the receiver of revenue at the end of the reporting period.

viii) Payables due to other County Fund(s)

These represent amounts that have not yet been disbursed to another County Fund by the end of the period. The balance also includes funds that the receiver of revenue has not yet collected as of the reporting date.

ix) Comparatives

In preparing these financial statements the entity has elected to apply paragraph 79 of IPSAS 33, which allows for the election by an entity to present one statement of financial performance, one statement of cash flow, one statement of net assets and the statement of financial position and an opening statement of financial position as at the time of first-time adoption of the accrual basis of accounting.

x) Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the revenue statements for the year ended June 30, 2025

Receiver Of Revenue

County Government of Elgeyo Marakwet

Quarterly Reports and Financial Statements For the period ended 31st December 2025

Notes to the financial statements

4. Significant Judgments and Sources of Estimation Uncertainty

The preparation of the *Receiver Revenue*'s financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and assumptions.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period, are described below. The Entity based its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur.

Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note xxx. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.

(include provisions applicable for your organisation e.g. provision for bad debts, and how management estimates these provisions).
