

COUNTY GOVERNMENT OF ELGEYO MARAKWET

THE COUNTY TREASURY

2019/2020 FINANCIAL YEAR

**MEMORANDUM FOR PROPOSED AMMENDMENTS ON CFSP
PREPARATION**

JUSTIFICATION FOR MEMORANDUM

The main objective of this memorandum is to amend the 2019/2020 Annual Development Plan and also review the provisional ceiling of the county assembly to create fiscal space to meet critical operational budget requirements in the CFSP. The county is currently faced with a fiscal crisis occasioned by low revenue base compared to the increasing financial needs mainly caused by the expanding wage bill resulting from SRC harmonization of basic pay and enhanced CBAs for health workers.

The crisis is illustrated in tables below

Note: County Assembly ceilings contain PE allocation for Members of County Assembly and staff working at the County Assembly

Table 1 above captures the genesis of the wage bill pressure which has necessitated this memorandum. The reasons for the current high wage bill for the county in comparison to other counties have been caused by two categories of factors both of which were beyond the control of the

county. First category of causes is those which were at the time of operationalization of devolution in 2013 and the second were came after the devolution had taken place after 2013;

Category One

- i. In 2013 county had one of the highest staff numbers amongst all counties
- ii. Low CRA allocation amount given the size of the workforce from devolved and former Local Authorities staff and thus higher cost of administration
- iii. Low CRA allocation given that the county like all counties assumed same constitutionally and legally created offices and thus higher cost of administration

Category two

- i. SRC zoning of the county as a Hardship area in 2014
- ii. Various Health staff Collective Bargaining Agreements (CBAs) since 2013
- iii. SRC salary harmonization phases
- iv. Annual staff salary increments since 2013
- v. Strategic employments for those cadres not found in the already inherited workforce in 2013

The consequence of these wage bill milestones is depicted in Table 1 above which shows that despite an increase to the county from the CRA equitable share allocation rising by 58% (from Kshs 2,392,011,591 in 2013/14 FY to Kshs. 3,782,000,000 in 2019/20) this increase is smaller than the combined increase of Personal Emoluments (wage bill) during the same period of 117% (excluding County Assembly wage bill) and the annual ceilings allocations to County Assembly which has risen by 190%. The faster increases of these components against the increases in CRA allocations and local revenue meant that allocations going to Operations and Maintenance (O&M) for County Executive had to be reduced over

2019 CFSP MEMORANDUM

the years to address the difference. However, through the gradual reduction O&M every year to accommodate the annual increase of wage bill, a level which could not be reduced further was reached. After this level was reached the county resorted to the reduction of county level projects allocations which again have been exhausted as the county budgets for 2019/20 FY. Inevitably in 2019/20 FY Ward level projects allocations and the ceilings for the County Assembly have to be reduced so as to cater for the increase in the wage bill.

Table 2: 2019/20 Revenue/ Expenditure Analysis

DESCRIPTION	Revenue/Expenditure
Local Revenue	140,000,000
CRA Share	3,782,000,000
Revenue	3,922,000,000
Less EDA Development allocation	813,537,332
Less County Level Projects- Radio Station	8,000,000
Amount for Recurrent	3,100,462,668
Less County Assembly Ceilings	566,844,007
Recurrent expenditure available for County Executive	2,533,618,661
Less PE (Salaries)	2,325,524,087
Pension Contributions for staff retired/retiring 2018/19 & 2019/20	37,056,000
O&M available for County Executive	171,038,574
Less Medical Drugs	75,000,000
Less FIF	70,000,000
Less Bursary	27,000,000
Less Street Lighting Bills	11,000,000
Less Conservancy	7,000,000
Staff medical scheme – NHIF	40,742,461
O&M for 13 County Executive Departments	230,296,113
Surplus/Deficit	(290,000,000)

Table 2 above summarizes the revenue base vis a vis the expenditure requirements for 2019/20 FY indicating a net deficit of Kshs 290,000,000. Without funding for this component, projects and programmes execution by the county executive will not be practically possible. As one of Counties that do not have an option for external funding, we recommend internal rationalization and adjustments to be addressed as follows;

Proposed solutions

1. Reduce County Assembly ceiling by Kshs 120,000,000 to cater for the following needs;

S/No	Need	Amount
1.	Medical drugs	75,000,000
2.	Bursary	27,000,000
3.	Street lighting	11,000,000
4.	Conservancy	7,000,000
	Total	120,000,000

2. Reduce EDA allocation by Kshs 170,000,000 to partially address this deficit. This amount has been reduced equally across all the wards and equitably across departments allocated funds within each ward. After the reductions, table 3 below shows the amended ceilings;

This memorandum therefore seeks to reduce the allocations to Ward Projects which have already been approved by the County Assembly in the 2019/20 FY Annual Development Plan (ADP). The proposal to reduce the County Assembly ceilings will be addressed during the 2019 County Fiscal Strategy Paper (CFSP) deliberations. We submit that the house considers and adopts this memorandum proposals.
