OFFICE OF THE AUDITOR-GENERAL

AUDIT REPORT OF THE AUDITOR-GENERAL ON COUNTY EXECUTIVE OF ELGEYO MARAKWET FOR THE YEAR ENDED 30 JUNE 2017

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of County Executive of Elgeyo Marakwet set out on pages 8 to 43, which comprise the statement of financial assets as at 30 June 2017, and the statement of receipts and payments, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of County Executive of Elgeyo Marakwet as at June 30, 2017, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with Public Finance Management Act, 2012.

In addition, as required by Article 229(6) of the Constitution, except for the matters described in the Basis for Qualified Opinion and Other Matter sections of my report, based on the procedures performed, I confirm that nothing has come to my attention to cause me to believe that public money has not been applied lawfully and in an effective way.

Basis for Qualified Opinion

1.0 Exchequer Releases

The statement of receipts and payments for the year ended 30 June 2017 reflects exchequer releases of Kshs.3,528,847,275 which is at variance with the figure of Kshs.3,573,480,000 as indicated in the report of the Controller of Budget for the same period comprising of recurrent exchequer of Kshs.2,355,040,000 and development exchequer releases of Kshs.1,218,440,000 and therefore resulting in unexplained variance of Kshs.44,632,725. Consequently, the validity, accuracy and completeness

AUDIT REPORT OF THE AUDITOR-GENERAL ON COUNTY EXECUTIVE OF ELGEYO MARAKWET FOR THE YEAR ENDED 30 JUNE 2017

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of County Executive of Elgeyo Marakwet set out on pages 8 to 43, which comprise the statement of financial assets as at 30 June 2017, and the statement of receipts and payments, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of County Executive of Elgeyo Marakwet as at June 30, 2017, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with Public Finance Management Act, 2012.

In addition, as required by Article 229(6) of the Constitution, except for the matters described in the Basis for Qualified Opinion and Other Matter sections of my report, based on the procedures performed, I confirm that nothing has come to my attention to cause me to believe that public money has not been applied lawfully and in an effective way.

Basis for Qualified Opinion

1.0 Exchequer Releases

The statement of receipts and payments for the year ended 30 June 2017 reflects exchequer releases of Kshs.3,528,847,275 which is at variance with the figure of Kshs.3,573,480,000 as indicated in the report of the Controller of Budget for the same period comprising of recurrent exchequer of Kshs.2,355,040,000 and development exchequer releases of Kshs.1,218,440,000 and therefore resulting in unexplained variance of Kshs.44,632,725. Consequently, the validity, accuracy and completeness

Report of the Auditor-General on the Financial Statements of County Executive of Elgeyo Marakwet for the Year ended 30 June 2017

of the exchequer releases of Kshs.3,528,847,275 for the year ended 30 June 2017 could not be confirmed.

2.0 Compensation of Employees

2.1 Temporary Employees

Included in compensation of employees figure of Kshs.1,786,331,042 as disclosed under note 11 to the financial statements nil balance in respect of basic wages of temporary employees for the year ended 30 June 2017. However, available information revealed that the County Executive made payments to casuals totaling Kshs.5,788,125.70 under administration and lands, water, environment and natural resources departments out of which an amount of Kshs.3,358,841.70 was paid from the development vote. Management has not provided reasons for using development funds on recurrent expenditure. Further, no approval of the County Public Service Board has been provided for audit verification to confirm that the employment of casuals was approved by the board.

Consequently, the management is in breach of the law and the accuracy and propriety of the expenditure of Kshs.5,788,125.70 on basic wages of temporary employees could not be confirmed.

2.2 Fraudulent Payroll Payments

The statement of receipts and payments for the year ended 30 June 2017 reflects total payments of Kshs.3,999,680,848 which includes compensation of employees expenditure of Kshs.1,786,331,042. Included in the figure of compensation of employees is an amount of Kshs.12,753,350.00 fraudulently paid as part of staff salaries from a sample of the payroll expenditure records reviewed. Examination of the net salaries in the Integrated Payroll Personnel Database of Kshs.90,819,917.65 were at variance with the schedules total figure of Kshs.103,573,267.65 prepared in support of the net salaries sent to the bank resulting to unexplained or unreconciled variance of Kshs.12,753,350.00 as detailed below:

TOTAL		90,819,917.65	103,573,267.65	12,753,350.00

It was observed that after the production of the Integrated Payroll Personnel Database when preparing the payment vouchers for salaries to the bank, the schedules were forged by doubling net salaries of some staff and the amount added taken to accounts other than those of the affected staff. Although management indicates the preliminary

investigation showed that Kshs.9,746,302 was fraudulently stolen and the matter reported to the Director of Criminal Investigation of Keiyo North Sub County no evidence was provided to show that the culprits have been arrested and judged in a court of law for the offence.

Under the circumstances, the accuracy, validity and completeness of compensation of employees expenditure of Kshs.1,786,331,042 for the year ended 30 June 2017 could be ascertained.

3.0 Acquisition of Assets

3.1 Purchase of Vehicles and Other Transport Equipment

The statement of receipts and payments for the year ended 30 June 2017 reflects acquisition of assets figure of Kshs.985,018,188 which includes purchase of vehicles and other transport equipment expenditure of Kshs.14,191,210 as disclosed under note 17 to the financial statements out of which an amount of Kshs.3,284,610 was incurred in the acquisition of 14 Yamaha YBR 125G Motor Bike engine. However, available information revealed that the County government used an expired contract between Toyota Kenya and Ministry of Lands and Housing and Urban Development for 2014/2015 to procure the 14 Yamaha YBR 125G Motor Bike engine.

Under the circumstances, the propriety of Kshs.3,284,610 expenditure on procurement of 14 Yamaha YBR 125G Motor Bike engine could not be confirmed.

3.2 Proposed Construction of Governors Residence

As reported in the previous year, an amount of Kshs.13,873,301.50 was paid to a construction company in respect of proposed construction of Governor's residence at Kamariny. Available information indicate that the tender was awarded to the firm at a tender sum of Kshs.56,739,518. A physical verification of the project on 19 January 2018 revealed that the site remains still deserted and the project had stalled due to a pending court case filed by the locals that they were not involved in public participation and that the County Executive utilized the land designated for a stadium for construction of Governor's residence. Materials on site and structure continue to deteriorate.

Consequently, the objective of this project has not been achieved and County has not obtained value for money for Kshs.13,873,301.50 incurred toward the project.

3.3 Proposed Construction of a Pavilion at Kamariny Stadium

As reported in the previous year, an amount of Kshs.29,995,468 was paid to a construction company in respect of proposed construction of a pavilion at Kamariny stadium. The contract sum for the proposed construction of a pavilion at Kamariny stadium was Kshs.46,843,155. During the year under audit, the contractor was paid Kshs.1,831,176. As reported previously, concrete pillars were used in walling instead of steel plates as indicated in the bill of quantities. A physical verification in January 2018 revealed that the project is incomplete. No evidence was provided when the

project will be completed, the reasons for the changes and the cost implications arising from these variation to the bill of quantities.

Consequently, the propriety of the total expenditure of Kshs.29,995,468 incurred in the construction of a pavilion at Kamariny stadium so far could not be confirmed.

3.4 Construction of Treatment/Kapshabatai Bridge Moiben Kiserwo Ward

Included in the construction and civil works of Kshs.623,649,586 as disclosed in note 17 to the financial statements is an amount of Kshs.1,485,330.25 paid to contractor.

The contractor was awarded the above tender at Kshs.4,478,860. According to the contract agreement, the contract was to take 90 days starting on 15 Feb 2017. As at the time of audit in January 2018 the project had delayed. It was also noted that the inspection and acceptance committee did not indicate details of the work done. According to the inspection and acceptance report the bridge is 50% but it was not explained how the 50% was arrived at.

Although the department of Roads, Public Works and Transport submitted a letter referenced EMC/RPW&T/EXT/01/16-17 dated 6 April 2017 on extension of contract by the contractor to resume site within 7 days after favorable conditions allow and complete the works not more than 45 days the project still was not complete.

Under the circumstance, the propriety of Kshs.1,485,330.25 expenditure on Construction of Treatment/Kapshabatai Bridge Moiben Kiserwo Ward for the year ended 30 June 2017 could not be confirmed.

4.0 Fixed Assets

4.1 Fixed Asset Register

Annex 4 to the financial statements reflects a summary of fixed assets register figure of Kshs.343,387,598 which is at variance with the acquisition of assets total amount of Kshs.985,018,188 during the year and therefore resulting in unexplained variance or unreconciled difference of Kshs.641,630,590

Consequently, the validity, accuracy and completeness of the acquisition of assets figure of Kshs.985,018,188 for the year ended 30 June 2017 could not be confirmed.

4.2 Assets and Liabilities from the Defunct Local Authorities

As reported in the previous year, Annex 4 to the financial assets reflects a summary of fixed assets figure of Kshs.1,298,922,559 as at 30 June 2017. However, management has not explained why assets from former local authorities such as land, buildings, motor vehicles, computers, and equipment have not been included in the County's fixed assets register.

Consequently, the accuracy and completeness of the fixed assets of Kshs.1,298,922,559 as at 30 June 2017 could not be confirmed.

5.0 Cash and Cash Equivalents

The statement of assets as at 30 June 2017, reflects total cash and cash equivalent figure of Kshs.733,643,455 which is at variance with the cash and cash equivalent balance of Kshs.699,521,677 at the end of the year indicated in the statement of cash flows for the year ended 30 June 2017 resulting in unexplained or unreconciled difference of Kshs.34,121,778.

Consequently, the accuracy and completeness of the cash and cash equivalent figure of Kshs.733,643,455 as at 30 June 2017 could not be confirmed.

6.0 Accounts Receivable – Outstanding imprests

The statement of assets as at 30 June 2017, reflects accounts receivable-outstanding imprests figure of Kshs.19,918,670 .However, available information revealed that twenty four (24) officers of Elgeyo Marakwet County Executive were issued with multiple imprests amounting to Kshs.8,991,690 contrary to Section 93(4) of the Public Finance Management (County) Regulations, 2015 which requires officers to surrender or account for previous imprest before being issued with another. Further, no reason has been provided for failure to recover the outstanding imprest after the due date.

Consequently, the accuracy, validity and completeness of outstanding imprest of Kshs.19,918,670 in the statement of financial assets as at 30 June 2017 could not be confirmed.

7.0 Pending Accounts Payable

Annexure 1 to the financial statements reflects pending accounts payable figure of Kshs.784,716,017 comprising of Kshs.660,325,808 development expenditure and Kshs.124,390,209 recurrent expenditure out of which an amount of Kshs.53,930,802 has been outstanding since 2013/2014. Further, supporting documents such as copies of advertisement, evaluations minutes, contract agreements, local purchase order (LPO), suppliers' invoices, delivery notes, inspection and acceptance committee reports confirming the quality and quantity, demand notices or suppliers statements were not availed for audit verification.

Consequently, the validity, accuracy and completeness of the pending accounts payable balance of Kshs 784,716,017 as at 30 June 2017 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of in accordance with the ISSAI and in Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. Except for the matters described in the Basis for Qualified Opinion and Other Matter sections, I have determined that there are no Key Audit Matters to communicate in my report.

Other Matter

1.0 Budgetary Controls and Performance

1.1 Budget Performance

During the year under review, the County Executive had a total budget of Kshs.4,739,167,911 comprising of Kshs.1,859,156,992 for development and Kshs.2,880,010,919 for recurrent expenditure while the actual total expenditure amounted to Kshs.3,999,680,847 comprising of Kshs.1,166,785,198 for development and Kshs.2,832,895,649 for recurrent. Further, the total budget reflected overall under absorption of Kshs.739,487,064 of about 16% as summarized below:

Item	Approved	Actual expenditure	Under absorption (Kshs)	Under Absorption in %
	2016/2017	2016/2017		
Development	1,859,156,992	1,166,785,198	692,371,794	37
Recurrent	2,880,010,919	2,832,895,649	47,115,270	2
Total	4,739,167,911	3,999,680,847	739,487,064	16

The under absorption of the approved budget is an indication that activities and projects in the annual work plan were not implemented by the County Executive and this is likely to have a negative effect on the delivery on goods and services to the residents of Elgeyo Marakwet County.

1.2 Development Vote

During the year under review, the County Executive allocated Kshs.1,852,408,279 to eleven departments (11) to finance various projects. However, the implementation of these projects was behind schedule and by 30 June 2017, only Kshs.962,299,102 had been spent on the projects which represents fifty two percent (52%) of the funds allocated as summarized below:

Serial No.	Department	Approved Budget Kshs	Total payments Kshs	Variance- Kshs	% of Variance
1.	Office of the Governor	36,370,695	2,875,269	33,495,426	92

Overall, the County Executive did not utilize a total of Kshs.890,109,177 representing 48% of the County Executive's development budget. The departments of Office of the Governor, ICT & Public Service, Health, Agriculture, Livestock and Fisheries and Lands, Housing and Physical Planning had the highest unutilized development budget at 92%, 61%, 60, 51% and 50% respectively. The delay is likely to affect the implementation of 2017/2018 projects. Delay in implementation of projects means the intended objectives were not fully realized and this may hamper service delivery to the people of Elgeyo Marakwet due to lack of prerequisite infrastructure and will impact negatively on the provision of adequate facilities to improve the standards of living of the residents of Elgeyo Marakwet County.

	No. Of Projects		

Report of the Auditor-General on the Financial Statements of County Executive of Elgeyo-Marakwet for the Year ended 30 June 2017

Serial Number	Description of the Project	Location	Estimated/Budgeted Value Of The Project
			378

It is clear that the County Executive did not implement 378 projects worth Kshs.290,875,328 during the year under audit due to improper budgeting and hence value for money for the county could not be achieved and this may hamper better service delivery to the people of Elgeyo Marakwet due to non-implementation of projects in spite the Executive having cash balance of Kshs.733,643,455 as at 30 June 2017.

3.0 Revenue Analysis

During the financial year 2016/2017, the County Executive had budgeted to collect total revenue of Kshs.160,021,113 from internally generated revenue out of which only Kshs.97,323,973 was collected thereby resulting in a shortfall of Kshs.62,697,140 (61%). The County Executive did not achieve its revenue target and this may impact negatively on the service delivery to the residents of Elgeyo Marakwet County.

4.0 Compensation of Employees

4.1 Compensation of Employees Ratio

The statement of receipts and payments for the year ended 30 June 2017 reflects compensation of employees figure of Kshs.1,786,331,042 which is 47% of the total revenue of Kshs.3,823,457,533 thereby exceeding the recommended percentage of 35% stipulated in Section 25(1b) of the Public Finance Management (County Government) Regulations 2015.

The County Executive is therefore in breach of the law.

4.2 Failure to Observe One Third Rule in Staff Establishment

A review of personnel records during the year under review revealed that during the financial year 2016/2017 the County Public Service Board recruited four hundred and fourteen (414) employees. However, out of the 414 recruited staff, four hundred thirteen (413) were from one dominant ethnic community contrary to Section 65(1)(e) of the County Government Act, 2012 which require that the Public Service Board when selecting employees to employ should consider the need to ensure that at least 30% of the vacant positions at the entry level are filled by candidates who are from the dominant ethnic candidates.

Consequently, the County Executive is therefore in breach of the County Government Act, 2012 on establishment of staff as a means promoting national unity.

4.3 Lack of Approved Staff Establishment

As reported previously, the County executive does not have an approved personnel establishment that indicates the number of employees required in each category and therefore it is not possible to ascertain the optimum number of employees required. This is contrary to section 59(1) (g) of the County Government Act, 2012 which stipulates that the function of the County Public Service Board includes among others the role to facilitate the development of a coherent, intergraded human resource planning and budgeting of personnel emoluments in counties. Hence in the absence of personnel establishment, the County Executive may not be able to determine the optimum size of the establishment to discharge services to the residents' of Elgeyo Marakwet.

5.0 IT Internal Control Environment

A review of the Information and Communication Technology (ICT) of the County Executive of Elgeyo Marakwet revealed that the County lacked a formally approved ICT Policy.

Consequently, there is risk that organizational objectives may not be achieved and also it may not be possible to maximize the utilization of the IT resources.

Responsibilities of Management and those charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the County Executive's ability to sustain services, disclosing, as applicable, matters related to sustainability of services and using the going concern basis of accounting unless the management either intends to cease operations, or have no realistic alternative but to do so.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

Those charged with governance are responsible for overseeing the County Executive financial reporting process.

Auditor-General's Responsibilities for the Audit of the Financial Statements

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or

error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution of Kenya. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances and for the purpose of giving an assurance on the effectiveness of the County Executive's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the County Executive's ability to continue offering services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the consolidated/ financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the County Executive to cease to continue offering services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities to express an opinion on the financial statements

- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

COUNTY GOVERNMENT OF ELGEYO MARAKWET
Reports and Financial Statements
For the year ended June 30, 2017

III. STATEMENT OF MANAGEMENT RESPONSIBILITIES

Sections 163,164 and 165 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the County Treasury shall prepare financial statements of each County Government entity, receiver of receipts and consolidated financial statements for all County Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The County Executive Committee (CEC) member for finance of the County Government is responsible for the preparation and presentation of the County Government's financial statements, which give a true and fair view of the state of affairs of the County Government for and as at the end of the financial year ended on June 30, 2017. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the County Government; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the County Government; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The CEC member for finance accepts responsibility for the County Government's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The CEC member for finance is of the opinion that the County Government's financial statements give a true and fair view of the state of the County Government's transactions during the financial year ended June 30, 2017, and of its financial position as at that date. The CEC member for finance further confirms the completeness of the accounting records maintained for the County Government which have been relied upon in the preparation of the its financial statements as well as the adequacy of the systems of internal financial control.

The CEC member for finance confirms that the County Government has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the County Government's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the CEC member for finance confirms that the County Government's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The County Government's financial statements were approved and signed by the CEC member for finance on 26th March, 2018.

VIII. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of Accounting, as prescribed by the PSASB and set out in the accounting policy notes below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The receivables and payables are disclosed in the Statement of Assets and Liabilities.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the entity all values are rounded to the nearest Kenya Shilling. The accounting policies adopted have been consistently applied to all the years presented.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

2. Reporting entity

The financial statements are for the County Government of Elgeyo Marakwet. The financial statements encompass the reporting entity as specified under section 164 of the PFM Act 2012.

3. Recognition of receipts and payments

a) Recognition of receipts

The County Government recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Government.

Tax receipts

Tax Receipts is recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received.

Transfers from the Exchequer

Transfer from Exchequer is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

COUNTY GOVERNMENT OF ELGEYO MARAKWET
Reports and Financial Statements
For the year ended June 30, 2017
SIGNIFICANT ACCOUNTING POLICIES (Continued)

Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds; sovereign bonds and external loans acquired by the entity or any other debt the County Government may take on will be treated on cash basis and recognized as receipts during the year of receipt.

Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for projects currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. During the year ended 30th June 2017, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

County Own Generated Receipts

These include Appropriation-in-Aid and relates to receipts such as trade licences, cess, fees, property income among others generated by the County Government from its citizenry. These are recognised in the financial statements the time associated cash is received.

Returns to CRF Issues

These relate to unspent balances in the development, recurrent and deposit accounts at the end of the year which are returned to the County Revenue Fund (CRF) and appropriated through a supplementary budget to enable the County to spend funds. These funds are recognised once appropriated through a supplementary budget process.

b) Recognition of payments

The entity recognises all expenses when the event occurs and the related cash has actually been paid out by the entity.

Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the County consolidated financial statements.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

4. In-kind contributions

In-kind contributions are donations that are made to the *entity* in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the *entity* includes such value in the statement of receipts and payments both as receipts and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

5. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

Restriction on cash

Restricted cash represents amounts that are limited /restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2016, this amounted to Kshs 54,040,451 compared to Kshs 22,886,072 in prior period as indicated on note 23

There were no other restrictions on cash during the year

6. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

7. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized as accounts payables. This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted and prescribed by the Public Sector Accounting Standards Board. Other liabilities including pending bills are disclosed in the financial statements.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. **Non current assets**
Non current assets are expensed at the time of acquisition while disposal proceeds are recognized as receipts at the time of disposal. However, the acquisitions and disposals are reflected in the entity fixed asset register a summary of which is provided as a memorandum to these financial statements.
9. **Pending bills**
Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the *entity* at the end of the year. Pending bill form a first charge to the subsequent year budget and when they are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.
10. **Budget**
The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The *entity's* budget was approved as required by Law and as detailed in the County Revenue Allocation Act. The original budget was approved by the County Assembly on 18th March, 2016 for the period 1st July 2016 to 30 June 2017 as required by law. There was one number of supplementary budgets passed in the year. A high-level assessment of the *entity's* actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.
11. **Comparative figures**
Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.
12. **Subsequent events**
Events subsequent to submission of the financial year end financial statements to the National Treasury and other stakeholders with a significant impact on the financial statements may be adjusted with the concurrence of National Treasury.
13. **Errors**
Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.
14. **Related party transactions**
Related party transactions involve cash and in kind transactions with the National Government, National Government entities and County Government entities. Specific information with regards to related party transactions is included in the disclosure notes.
